Trophy Trout Fishing in Nacoochee Georgia

Just one and a half hours north of Atlanta and just outside the town of Helen, Unicoi Outfitters controls some of the best trout fishing water in Georgia. They offer miles of exclusive water as well as public streams with both guided and unguided access.

Unicoi Outfitters operates two full-service fly shops, with their headquarters at Nacoochee Village. The US Forest Service permits Unicoi Outfitters to guide in the Chattahoochee, Sumter, and Nantahala National Forests.

Their specialty is teaching newcomers to fly fish and offer a package referred to as the "Gilligan Special." The Gilligan includes one hour of instruction, followed by two hours on the water with the chance of hooking into a trophy trout on the Nacoochee Bend section of the Chattahoochee River. At the end of the exciting three hours you might find your the one who is hooked!

Accomplished anglers can reserve time on the exclusive water controlled by Unicoi Outfitters with or without a guide or choose from a broad range of fly fishing equipment and accessories from a wide selection of brands.

At the of the day enjoy a hardy meal at the Nacoochee Grill with a fine bottle of Habersham Creekstone wine or lighter fare at Nacoochee Tavern both located opposite Unicoi Outfitters.

Great fishing, food and wine is available all year long. Come on up!
