

RETURN TO SLEEPY HOLLOW

A UNIQUE PLACE FOR CHILDREN AND ADULTS

Nestled in the north Georgia mountains between Hiawassee and Blairsville is a world of whimsical fairy houses lovingly crafted by Arthur Millican Jr.

Mr. Millican is a former Disney artisan now relocated to the small community of Blairsville, in the beautiful North Georgia Blue Ridge Mountains. His working experiences include years at Disney as an artist and model maker, and later consulting and design services for Dollywood, Michael Jackson's Neverland Ranch and many other commercial parks and real estate developments world-wide.

His passion is designing and producing whimsical and enchanting fairy houses and related items. From his new 2,500 sq. ft. woodworking studio, he creates hand crank toys called Automata and captivating fairy houses from birdhouses to large garden shed or children's playroom sizes. No two pieces are the same; Art gleans materials from festivals, resale shops garage sales and the like, then uses this material in the design. A bottle cap makes a hat for a gremlin or other figurine, a large old teapot just might turn into a fairy house, complete with front door, porch, windows and whatever else Art's imagination can come up with.

The studio, enchanted gardens and gift shop is open to the public from Monday thru Saturday, 9:30am-4:30pm. A family run business (dba Sleepy Hollow Enterprises) - Art Millican Sr. manages our enchanted gardens displays and mom manages the gift shop and art supplies store. Bring the kids - they will love it. Great seasonal floral and ground cover displays, whimsical fairy playhouses and hobbit homes - stroll about the grounds, peek in the woodworking studio and watch the wood-elves toiling away. Visit the gift shop and artist supply shop and view many custom fairy homes. Closed Easter, Thanksgiving, Christmas & New Year's Day.
